DREAMING OF THE FUTURE AT YONSEI UNIVERSITY

Welcome from the Chancellor of MIRAE Campus

Yonsei University MIRAE Campus is making a leap forward to usher in a new era by undergoing an educational transformation to foster talent in line with the Fourth Industrial Revolution.

The Residential College (RC), which was first introduced in Korea by Yonsei University MIRAE Campus, has been continuously improved to become a model of undergraduate education in South Korea. Through systematic and varied activities, it fosters students to be multidisciplinary talents. By living in dorms alongside people from all around the world, students at Yonsei University MIRAE Campus develop their understanding of and appreciation for other cultures in addition to sharpening their foreign language skills. These experiences cultivate the traits necessary for students to become global citizens.

Yonsei University MIRAE Campus is taking a lead in solving human and national challenges regarding environment and health, through large-scale convergence research on 'carbon neutrality', 'dementia', and 'the field of healthcare using wearable technology' based on its successful experience in regional growth with studies of medical devices.

It leads research through specialized application of the strengths of Korean university education, based on future educational innovation. We invite you to reach for your dreams with MIRAE Campus.

Myung Joong Kwon

19th Chancellor of Yonsei University MIRAE Campus

ABOUT YONSEI

MIRAE CAMPUS OVERVIEW

CONTINUING THE YONSEI LEGACY: MAKING DREAMS COME TRUE AT MIRAE

When the MIRAE Campus was first established, it inherited the over 137-year history and spirit of Yonsei University. Now, the Campus invites talented young students to create the future of Yonsei through joint activities with the Sinchon campus in the areas of education, research, administration, and finance. With an independent master plan of its own for further development, the MIRAE Campus contributes to the community, Gangwon Province, and the country as well.

RC PROGRAM

The Residential College (RC) Program, which is emerging as a new alternative form of education in universities, is an advanced educational model that combines learning and living. Through the RC program, students enrolled at Yonsei University MIRAE Campus will grow into talents with intellectual and upstanding character.

GUIDELINES FOR EXCHANGE STUDENTS

| EXCHANGE STUDENT PROGRAM

The MIRAE Campus of Yonsei University welcomes international students from all over the world. International students can study at the MIRAE Campus either by regular admission or through participation in an exchange program. Exchange students are those who have applied and are nominated by an overseas university under a formal exchange agreement. Since they pay tuition fees to their home university, or the university covers the cost, the application and documentation fees as well as tuition are waived at the host university. Admission to one or two semesters of the exchange program is open to students who have completed at least two semesters (or the equivalent) of university-level work at an accredited institution outside of Korea. Admission is based on a review of the documents submitted, which include a recommendation letter, a personal statement, and required GPA.

| HOUSING

The dormitories, Maeji Haksa, Seiyon Haksa, Cheongyeon Haksa, Anderson Haksa and Judy Haksa, have the equipment and facilities required in this age of information, technology, and globalization. They can accommodate up to 4,600 students in double, triple, or quadruple beds in a room. Housing is available to undergraduate students, graduate students, and exchange students, with separate buildings for men and women. Usually, Korean and non-Korean students live together in order to provide an international atmosphere. Each room is equipped with LAN connections for free internet use. The dormitories are also open during the summer and winter vacations. For more information, Please visit <https://wjdorm.yonsei.ac.kr>.

| LEISURE ACTIVITIES

Wonju, Gangwon-do, is just an hour's trip from Seoul. Located in the vicinity of the Chiak Mountains and numerous beaches of the east coast, Wonju is one of the most famous tourist attractions in Korea. It is also known as a place for leisure sports such as skiing, rafting, mountain biking, scuba diving, and many more. Students can enjoy their free time while experiencing Korean culture in these natural surroundings.

| GLOBAL VILLAGE PROGRAM

The Global Village (GV) program is a leadership program whereby both Korean and international students live together, adapt to and learn from cultural differences, and make unforgettable friendships. For a better understanding of each other's language and culture, the GV program provides both formal and informal education, which includes some university courses designed only for GV program participants. These include mutual mentor sessions, special events, and an overnight field trip. The GV program began in English language format but was extended in 2010 to include Chinese and Japanese also. For international students participating in the Global Village Program we offer financial aid, which covers travel and living expenses.

| KOREAN LANGUAGE COURSES FOR INTERNATIONAL STUDENTS

Yonsei University MIRAE Campus offers Korean language courses. These courses are designed for international students who plan to study at a university in Korea. The goal of the courses is to equip students with sufficient command of the Korean language to pursue undergraduate or graduate programs in Korea. The Korean language courses are offered at six different levels. Each level consists of an approximately ten-week-long term. It takes 18 months to complete all 6 levels. Classes are offered four hours a day, five days a week, during the ten-week term. A high school diploma or the equivalent is the minimum requirement for admission to the program.

ADMISSION GUIDE FOR FOREIGN STUDENTS

| ADMISSIONS GUIDE

Applicants whose parents are both foreign nationals are considered foreign students. The admission process includes a review of documentation followed by an interview. Applicants must submit the result of Korean proficiency test that is level 3 or above.

| SCHOLARSHIPS

There are approximately 210 scholarships offered to undergraduate students and about 23 billion won is given to 5,900 students annually. There are many scholarships available for freshmen. Those students who receive scholarships, either for academic achievement or for special talents can keep those scholarships through to graduation if they maintain a certain GPA level and participate in selected activities.

Typical Scholarships for Foreign Students	
Scholarship for Freshmen with Excellent Korean Language Proficiency	• This scholarship is for foreign freshmen with excellent Korean language proficiency. • Submit TOPIK result • Tuition exemption for the semester
Special Scholarship for Korean Language Program Freshmen	• This scholarship is for students who are recommended by the Dean of MIRAE Office of International Affairs among foreign enrolled students who have completed the Korean Language Program (KLP) at Yonsei University. • Paid without submission of application • Tuition exemption for the semester
Academic Scholarship for Foreign Students	• This scholarship is for foreign students with excellent grades. (Both the student and his/her parents must not have acquired Korean citizenship) • Application Period: May and November - Submit scholarship application form to Office of Student Affairs and Services • Paid to the registered account for the registered semester
Scholarship for Foreign Students with Excellent Korean Language Proficiency	• This scholarship is for enrolled foreign students who have received an excellent TOPIK score • Application Period: May and November - Submit scholarship application form and transcripts to Office of Student Affairs and Services • Paid to the registered account for the registered semester

COLLEGE OF HUMANITIES & SOCIAL SCIENCES CONVERGENCE

The College of Humanities and Social Sciences Convergence aims to foster creative talents who meet the demands of the times by combining humanities insights and planning ability with professional and humanistic thinking and artistic intuition in response to the era of globalization. In addition, the educational goal is to nurture core talents of the 21st century by enhancing problem-solving skills, combining the theory and practice required by leaders of the state, society, and businesses.

COLLEGE OF SCIENCE & TECHNOLOGY CONVERGENCE

In the Fourth Industrial Revolution era, the importance of various approaches based on knowledge in different academic fields, integrated thinking skills linking other academic fields, and convergent creativity across boundaries between academic fields are emerging. The purpose of the College of Science and Technology Convergence is to become the top-notch educational and research institution that can contribute to the development of science and technology in the future by fostering talents with scientific thinking and convergent creativity that are necessary for basic science and applied science as well as upright character and global mindset.

COLLEGE OF SOFTWARE & DIGITAL HEALTHCARE CONVERGENCE

In recent years, the leading technologies of the Fourth Industrial Revolution such as ICT, big data, and AI, have been combined with healthcare to usher in the era of digital healthcare. In addition, industry in this field is developing at a rapid pace as the world is moving toward the implementation of precision medicine along with improvement in the quality of life. As such, the College of Software and Digital Healthcare Convergence was founded by Yonsei University MIRAE Campus in 2021 by integrating healthcare departments that were first established in Korea in 1979 and led the way in Korean healthcare with ICT, big data, and AI-related departments. Those professional personnel who have acquired relevant, cutting-edge knowledge and technological expertise are expected to stand out in the digital healthcare industry.

WONJU COLLEGE OF MEDICINE

The goal of Wonju College of Medicine is to educate and train students to become competent, credible, and confident medical professionals who demonstrate the love of God. To achieve this goal, it provides systematic and efficient education through early clinical training by equipping exceptional educational facilities such as Wonju Severance Christian Hospital, a high-level medical institution with excellent faculty, cutting-edge medical equipment, and 860 beds, and modern dormitories.

DEPARTMENT OF MEDICINE

DEPARTMENT OF NURSING

COLLEGE OF RC CONVERGENCE

The College of RC Convergence aims to cultivate future talents by strengthening basic liberal arts, providing major basic education and double-major education, developing convergent thinking, and designing creative career paths. According to the Residential College (RC) program, which was first introduced in Korea by Yonsei University MIRAE Campus in 2007, all freshmen live in dorms and develop their understanding of social contribution, community values and leadership in community service through various dormitory activities. This program also operates various educational programs and a special academic advising system for freshmen.

GLOBAL ELITE DIVISION

The Global Elite Division is a convergence major, established in 2016 to further the possibility of interdisciplinary education in order to nurture future-oriented global talents who will respond to the ever-increasing globalization of university competition and the convergence of academics. Cultural Industry Management, Global Industrial Business, Digital Media Design, Oral Health Science, Medical Imaging & Radiation Science, and also Rehabilitation Therapy are operated. The Global Elite Division provides excellent foreigners and overseas Koreans with various opportunities to advance into the world through the establishment of regional networks in Korea, and emphasizes the growth of global elites who will lead the future.

CAMPUS FACILITIES

| DORMITORIES

The Wonju housing complex (Maeji Haksa, Seiyon Haksa, Cheongyeon Haksa, Anderson Haksa and Judy Haksa) consists of ten buildings housing approximately 4,600 students. Dorms are equipped with computer labs, lounge areas, study areas, a lecture room, prayer room, music rooms, and laundry facilities. All incoming freshmen can be accommodated in the dormitories. All dormitories are equipped with air-conditioning, refrigerators, and high-speed internet connections.

| LIBRARY

The library's collections include 516,378 books, 133 printed periodicals, and 26 electronic periodical packages. This building has 6 floors including the basement level, and 1,392 seats. An interlibrary loan service enables users to obtain non-Yonsei materials from other libraries such as Shinchon Central Library, Underwood Memorial Library, Shinchon Medical Library, Wonju Medical Library, and libraries under the KERIS agreement.

| SPORTS CENTER

The Yonsei Sports Center occupies a facility which was built in 2003. At the Sports Center, students can participate in a variety of activities to keep in shape. The Center has basketball, volleyball and squash courts, a gymnasium, fitness club, rock climbing facility and an indoor swimming pool with an aqua-health pool as well as a scuba diving pool.

| STUDENT UNION

The Student Union is the center of student activity. The building features facilities for campus communities, including a diner, food court, convenience store, exhibition room, small-sized theater, music listening room, and lounges. The building also provides a variety of services and support for student organizations such as the Department of Student Affairs and Services, MIRAE Human Resources Development Institute, Career Development Center, Health Mutual-aid Association, Center for Welfare of Disabled Students and Health Care Center. The Student Union also provides facilities and services supporting independent student organizations such as the Students Association, Club Association, and Student Press Union.

| YONSEI PLAZA

Yonsei Plaza is equipped with various amenities including a large, well-stocked bookstore, bank, mail center, copy station, laundry, convenience store, optical store, student cafeteria, and snack area. The Plaza also has PC labs, language labs, and many other places students can go to get their work done.

GRADUATE SCHOOL

graduate.yonsei.ac.kr

MIRAE Campus Graduate School aims to contribute to the improvement of human culture by exploring creative theories and scientific methods, and cultivating future leaders with upstanding characters based on the Christian spirit. Yonsei University is equipped with excellent faculty members and an educational and research-oriented environment. It is playing a leading role in fields such as humanities, sciences, engineering, and medicine at home and abroad by achieving excellent outcomes in each academic field.

SPECIAL GRADUATE SCHOOL

| GRADUATE SCHOOL OF GOVERNMENT | yonseigsgb.ac.kr

The Graduate School of Government, which is growing into a globally renowned school across Asia and the world, provides practical education applicable to field practice as well as theoretical and professional knowledge education for each major. Since 2014, it has established Start-Up Studies with the support of the Ministry of SMEs and Startups and a Women’s Leadership Training for Rural Development with the support of KOICA. The Graduate School of Government cultivates regional and global leaders with problem-solving capabilities in line with the diversified information era and the era of globalization.

MAJORS AND MAIN SUBJECTS	
Business Administration	Business Strategy, Accounting Principles, Marketing Management, Organizational Behavior, Financial Management, etc.
Educational Administration	Educational System Analysis, Educational Theory Studies, Faculty System Design, Special Education, etc.
Global Welfare	Introduction to Social Welfare, Elderly Welfare, Community Welfare, International Development and Cooperation, etc.
Finance and Real estate	Business Cycle Theory, Public Economics, Real Estate Development and Finance, Monetary Finance Theory, etc.
Political Science	Modern Political Theory, Seminar in Comparative Politics, Theory of International Politics and Economics, Elections and Political Parties, etc.
Entrepreneurship	Start-Up Accounting and Tax Practice, Entrepreneurship Guidance Methodology, Start-Up Seminar, Start-up Marketing, etc.
Packaging Logistics Technology Management	Packaging Logistics Technology, Packaging Logistics Environmental Technology, Special Packaging Technology, etc.
Public Administration	Administration Information Systems, Government Budget Theory, Welfare Administration Theory, Local Finance Theory, etc.

| GRADUATE SCHOOL OF HEALTH SCIENCES | pioneer.yonsei.ac.kr

The Graduate School of Health Sciences fosters new leadership and professionals in the healthcare field in response to increasing interest in health, healthcare, and medical care as quality of life improves and an aging society emerges.

MAJORS AND MAIN SUBJECTS	
Health Administration	Healthcare Planning and Administration, Healthcare Theory, Management of Health Information, Hospital Management, E-Healthcare, Hospital Strategy Planning and Marketing
Environmental Engineering	Air, Water Quality, Waste, Noise and Vibration, Environmental Impact Assessment, Environmental Policy, Environmental Analysis, Landfill Control, Soil Pollution
Biomedical Laboratory Science	Hematology, Microbiology, Serology, Clinical Chemistry, Molecular Biology, Clinical Genetics, Immunology, Genetics, Virology
Ergonomic Therapy	Human Engineering, Industrial Rehabilitation, Work System Analysis, Motion Analysis, Cumulative Damage Management, Chronic Pain Management, Walking Analysis, Foot Management, Fitness Programs
Medical Engineering	Data Processing Theory, Microcomputers, Network Theory, Digital Signal Processing, Sensor Engineering, Imaging Engineering, Electronic Measurement, Neural Networks
Forensic Science	Investigation Interviews, Criminal Psychology, Field Forensic Theory, Digital Forensic Special Theory, Investigation Psychology, Fingerprint Analysis Practice, Crime Scene Reconstruction Practice, Bloodstain Pattern Analysis Practice, DNA Analysis Special Theory, Body Examination Theory
Oral Health Promotion	Clinical Dental Hygiene, Oral Health of Patients with Systemic Diseases, Planning and Evaluation to Promote Oral Health, Oral Health and Society, Oral Health Research Methodology
Health Sciences (Foreigners)	Medical Terminology, Introduction to Healthcare, Human Anatomy Physiology, Health Statistics, Medical Data Management, Health Big Data Management, Biomedical Science, Special Theory of Health Industry Management, Special Theory of Medical Imaging

YONSEI UNIVERSITY MIRAE CAMPUS

CAMPUS LIFE

| CHRISTIAN LIFE

Yonsei strives to nurture its students based on strong morals and ethics as well as responsibility to both the nation and the world. Students are taught the importance of developing a sense of duty as leaders to help resolve regional and social problems through the Christian principles of love, service, and sacrifice. The college is dedicated to nurturing leaders who possess mutual understanding, respect, and the spirit of cooperation. Students are obliged to attend a weekly one-hour chapel session for four semesters as one of the graduation requirements.

| YONSEI CONCERT SERIES

Yonsei Concert series began in the autumn of 2006 and has progressed 104 times' concerts up to now. Each year, the series features a diverse range of music, including both western and Korean classical music and jazz. The concerts entertain not only students, faculty, and staff, but also members of the Wonju community at large, and have become one of the major cultural attractions in the city.

| YONSEI-KOREA UNIVERSITY SPORTS FESTIVAL

Every year Yonsei University and Korea University co-host a series of sports matches called the "Yongojeon" which are intended to promote university spirit and build fraternity between the two schools. The festival consists of baseball, basketball, ice hockey, rugby, and soccer competitions.

| PARENTS' DAY

The first Parents' Day in Korea was introduced at Yonsei University MIRAE Campus in 2007. The event seeks to provide parents with important information and the vision needed to assist undergraduate students in making a successful transition to college. The event is held in May every year, invited approximately 300 parents to share the progress being made by both students and the university.

| STUDENT ACTIVITIES

At Yonsei, students have abundant opportunities to explore non-academic as well as academic activities outside the classroom. With more than 44 student groups and organizations representing various areas of academics, music, religion, arts & crafts, community service, and sports, students are sure to find something that meets their interests. The school actively supports extracurricular student activities.
